

# Wij Gardens

## Contributing to a sustainable world

For those of you who want to enjoy and learn more about gardening, nature, art, crafts and food – Welcome to Wij Gardens! This is a garden bursting with life, discovery and pioneering spirit. All your senses will be appealed when you walk through the gardens with vegetables, herbs, roses and everything else that thrives in Ockelbo. Most likely you will meet a gardener out in the fields who loves to share his/her knowledge and experience with you. Of course, we care about the environment and that is why the

knowledge about renewable energy and recycling is part of the thought of our park. Wij Gardens is our way of contributing to a beautiful and sustainable world. Welcome to Wij Gardens – a destination for your senses.

Mid-Sweden  
Hälsingland & Gästrikland

En investering för framtiden

# About Mid-Sweden Hälsingland & Gästrikland

In the middle of Sweden, only a few hours north of Stockholm, are the regions of Hälsingland and Gästrikland. Here the forests become deeper and the waters become wilder, and the vibrancy of the city meets the more peaceful life of the countryside. And if you you'd like to – and dare – you can experience a close encounter with a major predator or an elk.

In this part of Sweden, excitement and tranquillity go hand in hand. Just how adventurous your visit will be depends on the activities you choose to take part in, and we have a vast selection available for you to choose from. Perhaps you would prefer hours of relaxation next to a glassy lake or an adventurous mountain bike ride up and down forest-clad mountains? Or maybe a lazy morning on a sandy beach or a trip to the city, with its cafes, shops and culture would be more suitable?

In Mid Sweden, winters are snowy but inviting, and you will be able to enjoy fantastic skiing at one of our ski resorts or exciting dog sledding trips. Because the distances are relatively short, there will be plenty of time for you to try the many wonderful things on offer. The Decorated Farmhouses of Hälsingland, designated as a UNESCO World Heritage Site in 2012, are a unique attraction.

Welcome to Mid Sweden Hälsingland and Gästrikland!
